GENERAL INDEX.

A

Acacia alata, 322
— armata, 322
— biflora, 322
— celastrifolia, 323
— cochlearis, 323
— cyanophylla, 323
— cygnorum, 323
— dependens, 323
— diffusa, 323
— Drummondi, 323
— grandis, 323
— ixiophylla, 323
— lineata, 323
— longiflora major, 324
— lophantha, 324
— mucronata, 324
— nigricans, 324
— paradoxa, 325
— pentadenia, 324
— præmorsa, 324
— pubescens, 324
— pulchella, 324
— Riceana, 325
— rotundiflora, 325
— verticillata, 325
Agricultural College, at Oberlin, 485
— Society, N. Y. State, 152, 295
— — — Hort. Department, 529
Agriculture in California, 231
Alpine Heights, 195
American Pomological Society, 229 232, 388, 556
Aphelandra, cultivation of the, 39
APPLES — varieties:
Chenango Strawberry, 475
Cooper's Market, 291
Green Sweeting, 192
Honey Sweet, 235
Jacksonian, 235
Melon, 397
Read's Anglo-American, 521
Rome Beauty, 193
White Beauty, 234
in Mississippi, 561
Apple Orchards, planting, 85, 104
Apricot, Japanese, 467
Apricots, in Mississippi, 558
Aquilegia glandulosa, 231
Arboriculture — treatment of the Soil, 202
ARCHITECTURE:
Winyah, 41
A chapter from Repton, 68
Belmont, the residence of Dr. Berrier, Belleville, N. J. 127
Design for a Symmetrical Cottage, 509
Designs for cheap Cottages, 29
Kirri Cottage, 319
Styles and Changes in, 502, 564
Architectural Ornaments, 564
Artist's Villa, 568
Ash, European Weeping, 12
— Golden-barked Weeping, 13
— Lentiscus-leaved Weeping, 13
Asparagus, Giant, 137
A word with our contemporaries, 427

B

Beans, Lima, 138
Bedding-out plants, 287
Begonia fuchsioides, 421
— opuliflora, 514
Belmont, 127
Blackberry, the New Rochelle, or Lawton, 399, 446
Blight in pear trees, 142, 313, 338, 384 385, 486, 525
BOOKS AND PAMPHLETS:
Address delivered at Farmers' College, Hamilton Co., Ohio, 436
Address of Francis P. Blair to the Ag. Association of Montgomery Co., Md., 146
American Cottage Builder, 430
American Hand-Book of Ornamental Trees, 90
— — Erratum, 133
American Text-Book of Practical and Scientific Agriculture, 437
Buchanan on Grape-Culture, and Longworth on the Strawberry, 246
Complete Manual for the Cultivation of the Strawberry, 527
Elliot's Fruit Book, or The American Fruit-Grower's Guide in the Orchard and Garden, 244, 382

Gardener's Magazine, 484
Industrial Universities for the People, 52
Landscape Gardening, 49
Meteorological Journal, 1853, Muscatine, Iowa, 198
Proceedings of the Second Festival of the Sons of New Hampshire, 197
Rivers' Descriptive Catalogue of Fruits, 53
Scientific Exposition of the Cause and Cure of the Potato Rot, 484
Transactions of the Northwestern Fruit-Growers' Association, 1853, 143
Transactions of the Worcester Co. Hort. Society, 1852-'53, 51
Up the River, 94
Boquets, winter, plants for, 438, 498, 548
Box, Dwarf, propagating, 526
Botany, study of, 552
Broccoli, the "Ne plus ultra," 96
Buckthorn, a fine hedge of, 331
Budding and Grafting, 487, 525
— Peaches, 292
— Spring, 140

C

Cabbages, 103
California, climate and products, 3, 8
Calypteraria hæmantha, 513
Camellias, new, 190, 230
Cape Heaths, culture of, 465
Carnation, the perpetual or tree, 327
Caterpillars, 330
Celery, culture of, 163, 211
Cemeteries, Rural, trees for, 153
Charcoal and sweepings of blacksmiths' shops, effects of on fruit trees, 192
CHERRIES — varieties:
Black Eagle, 287
Burr's Seedling, 286
Downer's Late Red, 286
Elton, 286
Knight's Early Black, 286
Napoleon Bigarreau, 286
Reine Hortense, 286
Yellow Spanish, 286
Cherries, stocks for, 387
Cherries in Mississippi, 557
Chrysanthemum, culture of the, 282
Chrysanthemums, Daisy, 255
Cineraria, culture of the, 362, 423
Cladastris tinctoria, 456
Clerodendron splendens, 280
Clethra alnifolia, 432
Coffee Plantation in Cuba, 477
Collodion, in propagating plants, 184
Commemorative trees, 371
Conifers, effects of the winter upon the new, 252, 511
Conoclinium ianthemum, 281
Conservatories, 265
Conversational meetings of Horticultural Societies, 190
Cottage in the Rural pointed style, 32
— — Swiss style, 29
— Symmetrical, 509
Crab, Hamptom's new Siberian, 290
Criticism, 434
— on the Horticulturist, 191, 289
Cuba, productions of, 477
— scenery in, 478
Cultivation, another "important secret" in, 517
Curculio, 429
— Mr. Mathews and the, 46
— — Remedy, 235, 385, 482, 519
Currants, 161
— cultivation of, varieties, &c., 9
Cutting-pot, materials for a, 426
Cytisus, the genus, 424

D

Dahlias, 287
Deciduous trees and shrubs, the newer, 306
Deutzia gracilis, 422
Diagrams of the rules for laying out gardens, 269
Dielytra spectabilis, 300
— — as a greenhouse plant, 210
Disa grandiflora, 467
Downing monument, 187
Draining, 196
— level ground, 139

Drouth, ... 428
Drying fruit, ... 411

E

Epacrises, winter treatment and propagation of, ... 95
Espalier railing, ... 285
Evergreen hedges, ... 486
Evergreen Shrubs, ... 572
— tree, a gigantic, ... 129
— trees, ... 205
— — effects of the winter upon, 360, 511

F

Farms and gardens, embellishment of, ... 199
Fire-blight, 142, 486, 313, 333, 385, 525

Freaks of nature, ... 517
Fruit at Philadelphia, ... 377
— descriptions of, ... 432
— drying, ... 411
— from Pennsylvania, ... 428
— garden, ... 140
— growing in Iowa, ... 47
— — Massachusetts, ... 266
— — in Virginia, ... 133
— house-ripening of, ... 520
— ripening of, in Michigan, ... 48
— stealing, ... 134
— the use of, ... 88
— trees, effects of the winter on.. 386
— — fraud in, ... 99, 133
Fruits, summer, gathering and ripening of 393
— notices of new, ... 398
— observations on early forcing, . 44
Fuchsia, culture of the, ... 184

G

Gardeners, a chapter on, ... 178
Gardening 240
— experience, ... 353
— gossip from England, ... 349
Garden of H. P. Norton, Esq. 474
Gardens and Farms, embellishment of 197
— — Gardening at Montreal, ... 448
— around Boston, ... 430, 472
— diagrams of the rules for laying out, ... 209
— of the Bible, ... 222
Gathering and ripening of summer fruits, ... 393
Gloxinias, culture of, ... 40
Gooseberries, twelve good varieties, ... 142
Gooseberry, Houghton's Seedling, 104
Grafting and Budding, ... 481, 525
— Grapes, ... 526
Grape-culture in cold vineries, 87, 495, 545
Grape, grafting the, ... 526
— vines, winter protection of, ... 393
Graperies of W. C. Strong, Esq., . 473
GRAPES — varieties:
Canadian Chief, ... 518
Clinton, Mr. Longworth's experiments with the, ... 192
Concord, 124, 136, 188, 286, 389, 515
Cowan, ... 124
Delaware, ... 93
Isabella, ... 516
Northern Muscadine, ... 518
Grapes, ... 48, 136, 331
— and Grape-culture, ... 87
— — under glass, ... 87, 451
— and Roses, ... 453
— and Wine, ... 480
— California, ... 329
— mildew on, ... 387
— preservation of in winter, ... 237
— seedling, ... 125
Great exhibition in Russia, ... 370
Green-houses, flower-stands for, . 285
— of John B. Eaton & Co., ... 189
Green-house, how to stock a, 438, 548
— plants, falling of the leaves of, . 141
— — for winter boquets, 438, 498, 548
— — magnificent, ... 133
Ground Cherry, ... 519
Grounds, improvement of, ... 83
— ornamental, at Hamilton College, ... 27, 277
Garden ornaments, ... 565
Ginko tree, ... 326
Grafts, when to cut, ... 140
Grounds, employment of statuary in the decoration of, ... 208
Graperies, cold 87, 495, 545

H

Heaths, Cape, cultivation of, ... 465
Hedges, evergreen, ... 486
Heintzia tigrina, ... 231
Holly, American, ... 205, 457
